

ANALYZE THE ENERGY CONSUMPTION OF YOUR OPERATIONS IN REAL TIME

- ✓ Access graphs and reports of the energy flow in your plant.
- ✓ Optimize your consumption.
- ✓ Reduce production costs

DATA VISUALIZATION

ENERGY FLOWS

Smint Energy generates reports on energy consumption based on:

- 1 Average and distribution of relevant variables in hours.
- 2 Average and daily distribution of relevant variables.

ENERGY SOURCES

Monitor all your plants energy sources with a single solution.

- ✓ Electricity
- ✓ Weld Gas
- ✓ Water
- ✓ LPG

Smint Energy BENEFITS

DATA VISUALIZATION

View your plant data from any device with an internet connection.

CONTROL PANEL REPORTS

Obtain reports on your plant's consumption with information from the control panel on a daily, weekly and monthly basis.

DATA ACCESSIBILITY

Get 24/7 access to your plant consumption rate

Reduce your carbon footprint and make a positive impact in your community.
